

Coming in July

EDITOR'S CHOICE

**Inhaled Iloprost vs Epoprostenol in
Heart Transplant Recipients**

ORIGINAL RESEARCH

**Bench Assessment of a Collapsible Tube
and MI-E Efficiency**

**Manual vs Ventilator Hyperinflation in an
Animal Model of Severe Pneumonia**

**Evaluating Airway Clearance in Pediatric
Subjects With Respiratory Distress**

**Persistent Adherence to Airway Clearance
Therapy Among Adults With CF**

**FVC and SVC Maneuvers and Defining
Airway Obstruction**

**Face Mask Design, Flow-By, and
Rebreathing During NIV**

**Managing Difficult-to-Ventilate
Pediatric Patients**

**Humidification in Very-High-Flow
Nasal Cannula Therapy**

**Flutter and Thoracic Compression in
Non-CF Bronchiectasis**

Cough Strength in Older Adults

**Resistance Training Muscle Strength and
Exercise Outcomes in COPD**

NARRATIVE REVIEW

**Clinical Competency of Clinicians Who
Perform Airway Suctioning in Adults**

YEAR IN REVIEW 2018

Pediatric Mechanical Ventilation

EDITORIALS

**Expanding the Use of Inhaled Vasodilators in
the Emergency and Critical Care Setting**

Larynx: The Complex Gateway to the Lungs

Lung Hyperinflation: Is It Effective?
